

# Dental Prime for Individuals and Families

For Missouri

## Good health starts with a healthy mouth.

Taking care of your teeth and making regular visits to your dentist can help you stay healthy. How? The germs in an unhealthy mouth can affect the rest of the body. And regular dental checkups can help find early warning signs of health issues. That's one reason why it's so important to take good care of your teeth and gums.

## Dental Prime can help you get the care you need.

When you have the right dental benefits, you can have a better handle on your total health. That's why our Dental Prime plan offers:

- Exams, cleanings and X-rays covered 100%
- No waiting period for diagnostic and preventive services, such as cleanings, exams and X-rays
- A benefit for a brush biopsy which, together with a surgical biopsy, helps detect oral cancer
- An extra cleaning each year for those who are pregnant or living with diabetes

## Save time and money with smart dentist choices.

While all three plans allow you to go to any dentist, you can save money by choosing a network dentist.

	<i>Network dentist</i>	<i>Non-network dentist</i>
What you pay the dentist	<ul style="list-style-type: none"> <li>• Your deductible.</li> <li>• The percentage that's not covered by your insurance.</li> </ul>	<ul style="list-style-type: none"> <li>• The total cost of your services.</li> </ul>
Claims paperwork	<ul style="list-style-type: none"> <li>• Your dentist submits claims to us.</li> <li>• We pay the dentist directly.</li> </ul>	<ul style="list-style-type: none"> <li>• You submit your claims to us.</li> <li>• We pay you back for covered expenses.</li> </ul>

You may pay more for dental care if you choose a non-network dentist. Here's why:

- **Network dentists** have agreed to payment rates for services and cannot charge you more.
- **Non-network dentists** don't have a contract with us. They can charge you the difference between the total amount we allow to be paid for a service and the amount they normally charge for a service.
